**PUERTO RICO POLICE BUREAU
BI-ANNUAL STATUS REPORT**

I. Introduction

Ensuring the safety of every person and every community in Puerto Rico is a priority for the Puerto Rico Police Bureau (hereinafter, the "PRPB"). This work requires trust and collaboration between the PRPB and the community. The PRPB is committed to continuing to strengthen relationships with the community in order to build a safer Puerto Rico for future generations. At the same time, the PRPB continues to work toward greater professionalization of the Bureau, including its officers and agents; providing them with better resources; training them on the best police practices; and incorporating technology into their processes to have information and data that is accurate, accessible, and that is an effective tool for the processes of data collection, research and statistics, among others.

Pursuant to the provisions of paragraph 261 of the Agreement for the Sustainable Reform of the Puerto Rico Police Department (hereinafter, the "Agreement"), the PRPB hereby submits to this Honorable Court its Bi-Annual Status Report on the most significant achievements in the implementation of the requirements set forth in the Agreement, and on the initiatives developed and adopted by the PRPB for the period between April 8 and October 8, 2019.¹

¹ For reasons discussed during the last meeting held on September 26, 2019, between the Parties and the Monitor with the Court, this Report was not submitted on the date required by the Agreement. In particular, we hereby point out the fact that the previous Monitor resigned from his position without submitting the corresponding Report in response to the Report submitted by the PRPB on March 25, 2019, therefore, the PRPB did not have the benefit of the Monitor's Report in order to be able to respond to the points that could have been made therein. Nevertheless, for the benefit of the Court and the Interim Monitor's team, the PRPB is prepared to file this Report with all the developments of the Reform from the date of the last Report filed. As both the Court and the Monitor may well observe, the PRPB steadily continues towards fulfilling the objectives of the Reform.

I, Gladys Rodríguez-Fornaris, MA in Translation (UPR 1995), DO CERTIFY that I have translated into English the foregoing document, as submitted in Spanish by the interested party; and that said translation is true and correct to the best of my knowledge and abilities.

II. Resources Acquired

- Two (2) Master Instructors to train on the use of the electric control device (ECD). It is anticipated that in November 2019, MPRPBs will be trained and certified as Master Instructor, for a total of three (3).
- 10,692 ECDs with holsters
- 10 ECDs X2 with holsters
- 55 instructors on ECD X2.
- With the acquisition of ECDs, 78 MPRPBs were certified as ECD Solutions and Investigations Technicians , which enables them to download ECD data on a quarterly basis from the data port. This allows the identification of equipment misuse.
- 26,221 ECD disposable cartridges so that every employee with an ECD can have an additional cartridge.
- 50 ECD X2 disposable cartridges
- 14,600 ECD batteries
- 10 ECD X2 model SPPM batteries
- 1,001 ECD X-26E model DPM V24 (2018) batteries
- 15,969 OC MK-3 canisters with pouches
- 350 OC practice equipment
- 13 OC charging stations for training
- Batons with holsters
- 32 baton instructor uniforms
- 560 practice batons
- 11,601 rechargeable flashlights with carrying pouches
- Anti-riot equipment (helmets, knee pads, elbow pads, bags, filters and microphones for gas masks, grenades, etc.)
- Projectors, projection screens, school desks, desks, wireless presenters, office chairs, tables, filing cabinets and storage cabinets, air-conditioning consoles, laptops, fixed chairs, pen drives, electric extensions, loudspeakers, wireless microphones, modular stations, first

aid kit, all to enable the training centers at the Police Areas level and to decentralize the Academy trainings

- Rented 424 multi-functional machines
- 714 galvanized barricades
- Two (2) virtual simulators for simulating use of force training practices
- Portables files
- 56 dummy training pistols and 56 dummy training knives

All these equipment and materials helped our agents to be better prepared for the protests that erupted during July and August against the then governor Ricardo Rosselló.

III. Federal Court Hearing

On June 3, 2019, a hearing was held at the US District Court for the District of Puerto Rico in Old San Juan, to discuss the status of the proceedings of the Reform case. The deponents were Mr. Alex del Carmen (Special Commissioner), Luis Saucedo, Esq., (USDOJ), the Interim Federal Monitor Mr. John Romero, and legal counsel for the PRPB, María Domínguez, Esq., and Lizzie M. Lizzie M. Portela, Esq. The topics discussed were recruitment issues, training and the Academy, access to the seizure fund, and the progress of the development and implementation of the Technological Systems. It was further reported that there was a consensus among the Parties and the Interim Monitor on the methodology for monitoring compliance on the Use of Force under the Agreement, and it was reported that the parties will continue their efforts to reach consensual methodologies for each of the remaining 10 areas of the Reform. Judge Gustavo Gelpí appointed Mr. Thomas D. Petrowski as Auxiliary Special Commissioner. Mr. Petrowski is an attorney, former FBI agent and Army retiree, who has extensive experience in the law enforcement field.

police areas to guide directors and supervisors and to review processes and documentation in order to verify compliance with the requirements of the Agreement, the provisions of the Action Plans and the policies and laws regulating the PRPB. On July 11, 2019, a presentation on the Use of Force Methodology to be used by the Monitor to evaluate the performance of the Use of Force Review Boards (FRBs) was given to their chairpersons in the compliance of applicable policies and proceedings. In addition, on August 16, 19 and 22, 2019, members of the Commissioner's Use of Force Review Board (CFRB), Force Investigation Unit (FIU) directors, directors of the island's Tactical Operations Divisions, and SWAT team members were briefed on this Methodology. A Work Plan was prepared to provide guidance to personnel on this Methodology in the different Police Areas and Auxiliary Superintendencies.

The Survey and Compliance Division has been evaluating the Field Training Operations (FTO) Program in the San Juan and Bayamón Police Areas in order to address and/or make adjustments to the program in light of the experience of trends shown during the first two stages of the program in the San Juan and Bayamón precincts. This program allows incoming MPRPBs to put into practice what they have learned at the Police Academy under the supervision of a mentor.

B. Compliance Monitoring Methodologies

The PRPB, through the Office of the Reform, the Special Commissioner, the Interim Federal Monitor, the US Department of Justice, and counsel for the BRPB, McConnell Valdes LLC, as of the date of filing of this Report, developed and approved consensual methodologies to monitor compliance with the eleven (11) areas of the Reform: Professionalization; Recruitment; Searches and Seizures; Training; Policies and Procedures; Supervision and Management; Information Systems and Technology; Civilian Complaints, Internal

Investigations and Discipline; Community Engagement; and Equal Protection and Non-Discrimination. This allows the compliance phase of the Police Reform to begin.²

V. Compliance Areas of the Agreement

A. Recruitment, Selection, and Hiring

1. Class 228

In May 2019, the Academy for Future Police Officers, Class 228, began under an innovative program in the process of Recruitment, Selection and Training of selected Cadet Candidates. A sequential curriculum of 1,300 hours was developed (See Appendix A), aimed at training the 21st century police officer and complying with the Agreement and public policy created and adopted in accordance with generally accepted practices in the United States. Class 228 is comprised of 130 PRPB Cadets, 4 reinstated MPRPBs, 79 Cadets of the Carolina Municipal Police, 5 Cadets from Fajardo, and 8 Cadets from San Lorenzo, for a total of 226 students. This Class of 228 emphasizes, among other aspects, the concept of Community Policing training, where Cadets are given the experience of interacting in exchange programs with the community. It is worth noting the following information on Class 228:

- a. All candidates have, at a minimum, an associate's degree and, in some cases, a bachelor's or master's degree in several disciplines.
- b. A Promotions Committee for the Recruitment of Cadets was formed which implemented a Personnel Selection Plan in consultation with members of the community. The purpose was to attract applicants from all sectors including historically marginalized groups. Communities, consulates and university institutions were visited, making the process accessible and guaranteeing equal protection of the laws and non-discrimination.

² In fact, with the Court's approval of the consensual methodologies developed by the parties for the first seven (7) areas of the Reform, the Court ordered the commencement of the compliance period by Order of September 3, 2019 (Dkt. 1328). With the visit of the Interim Monitor team scheduled for the week of October 21-25, 2019, compliance monitoring officially began with the Use of Force and Policies and Procedures areas.

- c. Candidates were selected according to the Aspiring Agent Profile, by evaluating their knowledge, skills and abilities, including psychological, cognitive and social levels.
- d. The Auxiliary Superintendence for Education and Training (hereinafter, "SAEA", its Spanish acronym) developed the 16-hour contact Multi-thematic Training Material for training members of the Promotion Committee, the staff of the Recruitment Division, the Security and Protection Office, and the Community Relations Bureau.
- e. All course syllabi to be offered to Cadets were reviewed and new training on professionalization and ethical values was implemented.
- f. Pre-service training for cadets consists of 1,300 contact hours of training. Once appointed as agents they will participate in the Field Training Program which consists of 800 additional hours in the operational area under the supervision of an FTO.
- g. From May 6 to 17, 2019, the FTOS 9061 Field Training Program course was offered, with 80 participants. Twenty-six Mentoring Agents were certified and graduated. Of these, 14 were assigned to the Bayamon Police Area, and 12 to San Juan. Training of new Mentors is scheduled to begin on November 4, 2019, in groups of 30 participants.
- h. The Academy has a class of Cadets who have gone through a rigorous recruitment process in line with the Reform objectives to achieve greater diversity, professionalism and commitment to the PRPB and the community.
- i. As an example of the commitment of the Class 228 Cadets, Sgt. Brenda Rivera and her Community Relations staff and the Aibonito Police Area Athletic League, along with the PRPB and Municipal Police Cadets, together with Head 9-1-1 Organization, engaged in community service work at the Bajuras sector in Orocovis. This sector suffered extensive damage from Hurricane Maria. To date 312 residences have been repaired with material and labor donated together with

the Head 9-1-1 Organization, and other projects have been carried out in the community.

- j. As of the date of this Report, Class 228 is in its third academic term, which began on September 23, as scheduled is pending completion in late January or early February 2020. (See Appendix B).
- k. The Curriculum Committee is already working on its update to ensure it is always current with the new policing tactics and trends.

2. Class 227

On May 30, 2019, Class 227 graduated with 22 agents, who were PRPB undercover agents, but ended these duties. The pre-service training curriculum consisted of 1,306 hours. (Appendix C). The recent graduates of Academy Class 227 were assigned to the San Juan and Bayamón Police Areas.

3. PRPB Auxiliary Police Officers

Cadet training was conducted for the PRPB Auxiliary Police and 109 students graduated in March 2019. The training curriculum for these participants consisted of 240 hours (See Appendix D). These Auxiliary Police Officers were assigned to work in the Police Areas near their place of residence. Training on the use and handling of less-lethal weapons for these auxiliary police officers is in process, as well as retraining for those who took this training at the time. (SAOC-NRC-DPAH-1-127 of March 19, 2019).

4. Recruitment Program

The Agreement provides that the PRPB must develop a comprehensive recruitment program that successfully attracts and employs qualified individuals. To that effect, a Promotion Plan has been developed that requires frequent assessments to meet the needs of the PRPB. For this purpose, and in order to have a structure that facilitates addressing this assignment directly and with the urgency it requires, the Recruitment

Division was transferred to the Commissioner's Office (OS-1-1-166 of July 12, 2019).

This Pilot Plan is aimed at training, coaching and empowering MPRPBs to respond to crisis situations with individuals with mental health problems. The PRPB will provide its members with basic training to respond to this type of incident. The Crisis Intervention Team (CIT) will also be trained, focusing on the procedure for the transfer of custody or voluntary referral and appropriate places for the confinement of children with mental health crises. In addition, dispatchers will be trained to identify and respond to service calls involving behavioral or mental health crisis situations. As of the date of filing this report, October 22 and 23, 2019, training was offered on General Order 628, including the recommendations of Dr. Laura Kunard, an expert on the subject from the US Department of Justice.

2. Training on the Use of Force

On June 28, 2019, the following courses began to be offered on the virtual platform: Rules for the Use of Force by MPRPBs with code VRUF 3081 (Agents) and Rules for the Use of Force by MPRPBs with code (VRUF) 3082 (Supervisors). These courses cover the following policies: General Order Chapter 600 Section 601, entitled: “Rules for the Use of Force”; General Order Chapter 600 Section 602, entitled: “Electric Control Device (ECD)”; General Order Chapter 600 Section 603, entitled: “Use and Handling of Expandable Baton”; General Order Chapter 600 Section 604, entitled: “Use and Handling of Pepper Spray”; and General Order Chapter 600 Section 605, entitled: “Reporting and Investigation of Use-of-Force Incidents”.

In accordance with the provisions of the Action Plans and the Agreement, which establishes the annual review of policies related to the Use of Force, the revised versions of the aforementioned orders entered into effect on July 12, 2019. Therefore, these courses were temporarily suspended to be updated in accordance with current policies. As of the date of suspending this training, 28.84% of MPRPBs had been trained.

15. Statistics on the guidance given through the Sex Crimes Hotline.

The hotline is a telephone line available 24 hours a day, 7 days a week for sex crime victims at (787) 343-0000. The information provided in Attachment F of this Report shows that a total of 861 calls were received between January and August 2019.

16. Complaints filed with the Sex Crimes and Child Abuse Division

Paragraph 97 of the Agreement states that the PRPB shall monitor the results of investigations of sexual assault cases, including: whether the investigation resulted in arrests; whether the prosecutor charged the suspect and whether the suspect was convicted; the distribution of sexual assaults by gender; as well as incidents in which more than one person is arrested.

Therefore, we present the statistics of all incidents registered in all police areas in the Early Intervention System, Sex Crimes and Child Abuse module, during the period between January 1, 2019 and August 22, 2019. The Areas reported a total of 559 incidents. Of those complaints, 17 resulted in arrests, 1 resulted in multiple arrests, 38 resulted in the prosecutor ordering filing charges, and 4 resulted in convictions.⁴ See Appendix G.

17. Statistics on Domestic Violence: Gender, Arrests and Convictions

Paragraph 100 of the Agreement states that the PRPB will monitor the results of investigations of Domestic Violence cases, including: whether the investigation resulted in arrests; whether the prosecutor charged the subject and the subject was convicted; the distribution of arrests by gender; as well as incidents where more than one person is arrested. Appendix H of this Report shows details of arrests and convictions by Police Area and the number of domestic violence incidents over the period January through August 21, 2019. Statistics show that 3,466 complaints were received. There were 2,452 arrests after the investigation. Criminal charges were filed

⁴ As of October 28, 2019 the following have been reported: 687 incident, with 26 arrests, 2 multiple arrests, 55 resulted in the prosecutor ordering filing charges, and 4 resulted in convictions.

As part of the collaborative process with the Municipal Police, the PRPB has been training members of the Municipal Police in several Police Areas on a number of policies of great interest under the **Curriculum of the Training the 21st Century Municipal Police Officer**. These policies include the following OG 601 Use of Force, OG 612 Searches and Seizures, OG 627 Domestic Violence, OG 803 Community Policing, OG 603 Baton, TIM/Below 100, OG 628 Crisis Intervention, OG 633 Intervention with Minors, OG 635 Institutional Abuse. Appendix L shows the number of municipal police officers who have been trained.

I. Administrative Complaints, Internal Investigations and Discipline

1. The Auxiliary Superintendency for Professional Responsibility (SARP) has been charged with the responsibility of ensuring that all administrative complaints for misconduct are investigated diligently, thoroughly, fairly and impartially. In turn, it must ensure that responsible officials are subject to a disciplinary regime that is fair and consistent. Based on the foregoing, on May 31, 2019, Regulation 9080 for the Processing of Administrative Complaints was approved and published on July 11, 2019. It repealed Regulation 8841 of October 31, 2016, entitled "Regulations for the Receipt, Processing, Investigation and Adjudication of Administrative Complaints against employees of the Puerto Rico Police"; Regulation 3881 of February 8, 1989, entitled "Uniform Administrative Procedure Regulations"; and the first sentence of Section B, Subsection 14.6.2 of Regulation 9001 of August 29, 2017, entitled "Regulations to Amend Article 14 of the Personnel Regulations of the Puerto Rico Police".

Appendix M to this Report shows that a total of 1,015 administrative complaints were received from January 1, 2019 through July 31, 2019. Of these, 599 have been investigated. This Appendix also shows that 474 complaints from previous years have been investigated, for a total of 1,073 administrative complaints evaluated and adjudicated from January to July 2019.

3. General Order Chapter 300, Section 308, entitled “Employee Assistance Program” (PAE, its Spanish acronym)

On July 23, 2018, the Commissioner signed this General Order with the purpose of creating the PRPB Employee Assistance Program and establishing the rules and procedures for its implementation and administration in order to provide services to PRPB employees who face problems or difficulties that affect their personal or work environment. It is the public policy of the Bureau to provide non-punitive support services to address and correct behavioral problems as part of the disciplinary and performance improvement systems. It should be noted that the PRPB currently has 17 psychologists. Of these, 15 are hired for professional services, one (1) is a career and the remainder is the Director. In recognition of the need to address the physical and emotional strain that sometimes affects MPRPBs, the Workshop "Recognizing Professional Burnout Syndrome and Welfare Risks" was offered. This workshop, offered between May 2018 and July 2019, impacted 9,332 MPRPBs (7,457 agents and 1,875 supervisors). This represents 80% of the total MPRPBs. As of the date of this Report, the SAEA reports 63.24% of MPRPBs trained on VPAE for supervisors.

K. Information Systems and Technology

According to the Agreement, the Information Systems and Technology Compliance area aims to update its infrastructure of information, data and technical communication systems to improve the efficiency and effectiveness of police processes and procedures in the administrative and operational area. This will allow the PRPB to collect and maintain all the information necessary to document the implementation and fulfillment of the Agreement in each of its compliance areas. In addition, it will facilitate public access to all information required by the areas of compliance and related to the Agreement.

The development of technical systems has been one of many challenges, including the reconstruction of the entire technical infrastructure after the passage through the island of the hurricanes Irma and Maria. This was achieved with the help of all Agency employees and citizen initiatives that were implemented.

As for the GTE System, the PRPB selected leaders from each Police Area to accelerate its implementation by establishing weekly and follow-up meetings through technical platforms. This has promoted the empowerment of MPRPBs in the use of technology and its use to report on the status of each Area's implementation.

As for the Early Intervention System (EIS) and its components, weekly meetings have been established with SARP and OAL staff to assess the needs, in terms of processes and procedures, for accelerating the System's development, adoption and implementation. In the remaining systems, the support of the Project Management Office (PMO) has been key to the development of large-scale projects, as well as the inclusion of small projects that impact the development and implementation of the Agreement.

a. Continuation of the "Paperless" Pilot Plan with the Computer-Aided Dispatch System (CAD/GTE)

The pilot project to eliminate the use of paper (Project for the use and handling of digital forms) in all Police Areas was completed. The project includes controlled forms PPR-621.1, PPR-621.2, PPR-621.3, 621.4, and 621.5 included in General Order Chapter 600 Section 621, entitled: "Management of Incident Reports or Police Services", which are developed in the Computer-Aided Dispatch System (CAD/GTE) for handling crime incidents.

b. Document Digitalization Project

Approximately 49,056 physical records of SARP complaints have been digitized, representing approximately 86% of the records. They serve as support for the EIS-SARP system.

In SAEA all physical records have been digitized containing training information of the agency's personnel.

c. Ponce Center for Technical Support to Cybercrime Victims

On April 26, 2019, the Ponce Cyber Crime Victim Technology Support Center (CATVCC Ponce), located on the fifth floor of the Ponce Area Headquarters, began operating permanently and on a regular schedule. This Division will be responsible for everything related to technical support to cybercrime victims in the Police Areas of Ponce, Aibonito, and Guayama.

VII. Self-evaluation/critique on the Protests of May 1st 2019

At a meeting held on May 8, 2019, the self-evaluation/critique process was conducted on the protests of May 1, 2019. At that meeting, the high-level officers of the PRPB discussed suggestions to be considered during the revision process of GO 625, entitled "Crowd Management and Control" of April 19, 2016, as well as aspects to be improved in crowd management and control.

As discussed and analyzed in the above-mentioned meeting, the PRPB will take the pertinent actions for the continuous improvement of the services provided and of the Agency's response to this type of events or similar activities. Based on this self-evaluation process, the PRPB deems that the performance of the MPRPBs during the protests was consistent with generally accepted police practices and in accordance with the objectives of the Reform. A well-trained police force was observed, particularly in crowd control tactics and the use of force.

Likewise, while the self-evaluation process continues on the part of the PRPB, the same can be said of the performance of MPRPBs during the protests held during July and August 2019 against the then Governor of Puerto Rico. During that period, there were multiple protests in several places of the Island, mainly in San Juan, and with the exception of some isolated acts, the PRPB forces performed in an exemplary manner, in spite of the verbal and physical aggressions they were subjected to, and managed to maintain the peace, thus protecting the right of the people to protest, with no fatalities.

VIII. Conclusion

The past training period and everything it entailed provided the PRPB with the tools needed to face the process we are now undertaking with empowerment, towards the sustainability of the progress achieved. The information provided in this document shows the ability for collaborative work of all divisions comprising the PRPB. It also demonstrates the power, discipline and determination that the PRPB has committed to achieving a professionalized Police Force and shows the commitment of the PRPB and MPRPBs with the Reform and to the communities they serve.

PUERTO RICO POLICE BUREAU

Introduction

The Puerto Rico Police Bureau shall have the power and duty to protect persons and property, maintain and keep the public order. Every member of the Puerto Rico Police Bureau (MPPR) shall act in accordance with the rights, privileges and immunities provided for by law, the Constitution of Puerto Rico and the Constitution of the United States, as well as protect the life of people, including liberties and properties. Therefore, MPPRs shall exercise the minimum use of force that any MPPR would objectively and reasonably exercise in light of the circumstances, for effectively gain control of an incident or person, while protecting the life of other MPPRs or third parties.

In response to the use of force action plans, which are required every year, an analysis of use of force incidents will be conducted to identify trends in an effort to correct them. This will help achieve the best police practices sought in the agreement for the sustainable reform. This report gives general information on the different uses of force by MPPRs. It provides general information on the processes involved in the use of force, both for the Puerto Rico Police Department and for the public interest.
