

SUPREME COURT OF THE STATE OF NEW YORK
COUNTY OF WESTCHESTER

-----X
PEOPLE OF THE STATE OF NEW YORK, ex. rel.
TODD D. GREENBERG, ESQ., on behalf of SHAMDAI
ARJUN,

Petitioner,

-against-

ANTHONY J. ANNUCCI, Commissioner, New
York State Department of Corrections and Community
Supervision; AMY LAMANNA, Superintendent, Bedford
Hills Correctional Facility;

-- and --

ANYONE HAVING CUSTODY OF PETITIONER,

Respondents.

-----X

CHARLES J. QUACKENBUSH, an attorney duly admitted to practice law in the State of
New York, hereby affirms the following to be true under penalties of perjury, pursuant to CPLR
2106:

1. I am an attorney and Deputy Counsel in the New York State Department of
Corrections and Community Supervision ("DOCCS"), and I work under the supervision and
direction of Anthony Annucci, the Acting Commissioner of DOCCS. In this capacity, I am familiar
with DOCCS' protocol and procedures, and I am also knowledgeable about our management of
the current COVID-19 pandemic.

2. I submit this affirmation in response to the petitioner's, Shamdai Arjun, DIN 19-G-
0467 ("Petitioner"), Writ of Habeas Corpus seeking her release from Bedford Hills Correctional
Facility because DOCCS "is deliberately indifferent to" her risk of contracting COVID-19 due to
underlying health conditions.

Petitioners

3. Petitioner Gianna Carriuolo is an inmate currently incarcerated at Taconic Correctional Facility. She is a recidivist offender who pled guilty to Criminal Possession of Marihuana in the 3rd Degree, a Class E Felony, and is serving a sentence of the maximum of 3 years 10 months, 13 days. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit A.

4. Petitioner Sandra Lawson is an inmate currently incarcerated at Taconic Correctional Facility. She is a recidivist offender who pled guilty to Criminal Possession of a Controlled Substance in the 3rd Degree, a Class B felony and is serving a sentence of the maximum of two years.. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit B.

5. Petitioner Sinceray Solis is an inmate currently incarcerated at Taconic Correctional Facility. She pled guilty to Assault in the 2nd Degree, a Class D felony and is serving a sentence of two years. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit C.

6. Petitioner George Martinez is an inmate currently incarcerated at Sing Sing Correctional Facility. He is a recidivist offender and was convicted of Burglary in the 2nd Degree, a Class C Felony and Criminal Possession of Stolen Property in the 4th Degree, a Class E felony. He is serving an indeterminate sentence of 17 years, 6 months to life. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit D.

7. Petitioner Bryan Pittsley is a recidivist offender and an inmate currently incarcerated at Sing Sing Correctional Facility. He was convicted of Criminal Mischief in the 3rd Degree a Class E felony, Aggravated Vehicular Homicide, a Class B felony, Attempted Arson in the 2nd Degree,

a Class C felony and Attempted Assault in the 2nd Degree, a Class E felony. He is serving a sentence of 6 years to 13 years. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit E.

8. Petitioners A.A. and B. B are proceeding anonymously. Petitioner AA is a recidivist offender. Petitioner AA was convicted by jury trial of Murder, a Class A felony, for killing petitioner's son. Petitioner AA is serving a sentence of 25 years to life. *See* DOCCS' Reception/Classification System printout documenting Petitioner's Crime and Sentence information annexed hereto as Exhibit F. Petitioner BB was convicted of Burglary in the 3rd Degree, a Class D felony. Petitioner D is currently serving a sentence of 3 – 6 years.

DOCCS Response to COVID-19

9. In response to the current COVID-19 pandemic, DOCCS has instituted multiple measures pursuant to recommendations of the Centers for Disease Control and Prevention ("CDC") and the New York State Department of Health ("NYSDOH") in order to address the welfare and safety of the inmate population and correctional staff.

10. The measures DOCCS has undertaken in combating the transmission and spread of COVID-19 can be found on its official governmental website at <https://doccs.ny.gov/doccs-covid-19-report>. A printout of the webpage, current as of May 12, 2020, is annexed hereto as Exhibit G.

11. As can be discerned from the webpage, throughout its history, DOCCS has successfully managed infectious outbreaks, such as tuberculosis, AIDS, and Hepatitis C., and it has a comprehensive Pandemic Flu protocol that has been modified to address the current COVID-19 pandemic.

12. Additionally, in addition to the administrators and medical professionals at our various correctional facilities following our revised Pandemic Flu protocol, DOCCS has created a COVID-19 Task Force to monitor and assess all actions and potential actions in response to this public

health crisis.

13. Accordingly, DOCCS is taking an active role in addressing the crisis and ensuring the welfare of individuals, like the Petitioner. At a minimum, DOCCS is alert to signs and symptoms of the disease and is testing and isolating inmates who test positive for the COVID-19 virus; in all of our correctional facilities there is a separate housing unit for inmates testing positive for the virus that have negative air flow isolation rooms and are separated from the general population.

14. Additionally, as indicated in the webpage exhibit, some of the measures initiated to ensure the safety and well-being of staff and incarcerated individuals include:

- Providing and permitting correction officers, parole officers, and civilian staff to wear face masks while on duty.
- Supplying incarcerated individuals subject to isolation and quarantine with surgical-type masks to further reduce the risk of secondary transmission of COVID-19.
- Allowing the incarcerated population to use state-issued handkerchiefs as masks;¹
- Suspending all intake of incarcerated individuals from county facilities.
- Stopping internal transfers of incarcerated individuals, except for medical and other exigent circumstances.
- Suspending visitation while allowing incarcerated individuals access to 5 free stamps per week, along with successfully working with our phone and tablet vendors to offer incarcerated individuals 2 free phone calls of 30 minutes in duration, and 2 free secure messages per week.
- Requiring non-essential staff to remain home.
- Implementing a health/travel questionnaire for staff entering facilities and community supervision offices.
- Displaying posters with information on COVID-19 and safety tips throughout DOCCS facilities and offices statewide.
- Regularly showing a video to the incarcerated population and staff at the facilities on proper handwashing.
- Issuing enhanced cleaning/sanitizing measures and disinfecting procedures for office surfaces and devices consistent with the Centers for Disease Control and Prevention and New York State Department of Health guidelines, including working with landlords to ensure cleaning protocols are followed under the appropriate guidelines with increased frequency throughout offices especially high-risk areas and issuing appropriate protocols on how to clean vehicles.

¹ Accordingly, inmates would not receive a misbehavior charge for covering their faces during this pandemic.

- Suspending in-person reports of individuals under state community supervision.
- Suspending the ability for individuals under community supervision to transfer to other locations.
- Releasing low-level technical parole violators from local jails.
- Issuing hand sanitizer to all facilities for staff and the incarcerated population to use, as well as community supervision offices.
- Enlisting Corcraft, an entity of DOCCS, to develop and bottle a 75% Isopropyl alcohol-based formula as recommended by the World Health Organization (WHO) at three facilities: Great Meadow Correctional Facility in Washington County, Shawangunk Correctional Facility in Ulster County, and Albion Correctional Facility in Orleans County.

15. These measures are all in line with the CDC's recommendations for correctional facilities in the United States. See <https://www.cdc.gov/coronavirus/2019-ncov/community/correction-detention/guidance-correctional-detention.html>. Fortunately, our measures are proving beneficial because as of the latest Incarcerated Individuals COVI-19 Report by Housing Facility, issued on May 9, 2020, there have been only 42 inmates confirmed to have the virus at Bedford Hills Correctional Facility (inmate population 605), with 35 of those inmates recovered. A printout of the list is annexed hereto as Exhibit G. Similarly, Sing Sing Correctional Facility – with an inmate census of 1335 inmates – has had 52 positive inmate tests, and 42 of those inmates have recovered from the disease. Taconic Correctional Facility, with an inmate populations of 231, has had only 2 inmates test positive for Covid-19. *Id.*

16. Accordingly, while COVID-19 is affecting our correctional facilities, as it is in t general community, including nursing homes, long-term care facilities and hospitals, DOCCS is taking an active role in applying measures to limit the transmission and spread of the disease within our facilities.

17. Additionally, all staff and the inmate population have received education on preventative measures to stay healthy as recommended by the CDC and State Department of Health, including maintaining proper hygiene and social distancing measures. Also, our facilities

are using a bleach and water solution several times per day on all common areas including dormitories, showers, and bathrooms. Moreover, the inmate population are dining in mess halls with their housing unit and social distance measures are maintained during the meal. Then, there is cleaning following each housing unit's use of the dining area before the next housing unit enters.

18. DOCCS is mindful of our responsibility to ensure the welfare and safety of our staff and incarcerated population and we are constantly reviewing our protocols, as new information becomes available, and following the recommendations of our COVID-19 task force, the CDC and the NYSDOH. As such, we are not indifferent to the needs of our incarcerated population during this crisis, and we are taking all necessary steps to prevent the transmission and spread of the virus, while also ensuring the safety and security of our staff and inmate population.

19. Lastly, the petitioner is in the custody of DOCCS and will be released from its custody pursuant to a lawful sentence of commitment to either the New York State Division of Parole, local jail, or the community. DOCCS has neither the responsibility nor the resources to monitor inmates who are not at state correctional facilities or other secure facilities while receiving medical treatment.
