II. Basis for Jurisdiction

Under 42 U.S.C. § 1983, you may sue state or local officials for the “deprivation of any rights, privileges, or immunities secured by the Constitution and [federal laws].” Under *Bivens v. Six Unknown Named Agents of Federal Bureau of Narcotics*, 403 U.S. 388 (1971), you may sue federal officials for the violation of certain constitutional rights.

A. Are you bringing suit against (check all that apply):

Federal officials (a *Bivens* claim)

State or local officials (a § 1983 claim)

B. Section 1983 allows claims alleging the “deprivation of any rights, privileges, or immunities secured by the Constitution and [federal laws].” 42 U.S.C. § 1983. If you are suing under section 1983, what federal constitutional or statutory right(s) do you claim is/are being violated by state or local officials?

C. Plaintiffs suing under *Bivens* may only recover for the violation of certain constitutional rights. If you are suing under *Bivens*, what constitutional right(s) do you claim is/are being violated by federal officials?

-
- D. Section 1983 allows defendants to be found liable only when they have acted “under color of any statute, ordinance, regulation, custom, or usage, of any State or Territory or the District of Columbia.” 42 U.S.C. § 1983. If you are suing under section 1983, explain how each defendant acted under color of state or local law. If you are suing under *Bivens*, explain how each defendant acted under color of federal law. Attach additional pages if needed.

III. Statement of Claim

State as briefly as possible the facts of your case. Describe how each defendant was personally involved in the alleged wrongful action, along with the dates and locations of all relevant events. You may wish to include further details such as the names of other persons involved in the events giving rise to your claims. Do not cite any cases or statutes. If more than one claim is asserted, number each claim and write a short and plain statement of each claim in a separate paragraph. Attach additional pages if needed.

- A. Where did the events giving rise to your claim(s) occur?
-

- B. What date and approximate time did the events giving rise to your claim(s) occur?
-

- C. What are the facts underlying your claim(s)? (*For example: What happened to you? Who did what? Was anyone else involved? Who else saw what happened?*)
-

IV. Injuries

If you sustained injuries related to the events alleged above, describe your injuries and state what medical treatment, if any, you required and did or did not receive.

As a non-partisan candidate for the 1st Congressional District, I am requesting a Preliminary Injunction to delay the implementation of the "Mail-In" program that the State of Hawaii is instituting in the upcoming Primary and General Elections. Shortcomings in this voting process as presently proposed will cause irreparable damage by undermining the confidence voters have in this Constitution right that Americans cherish so dearly and so many have made the ultimate sacrifice for.

Additionally, it puts non-traditional political entities at a disadvantage due to the possibility of "ballot harvesting" and other similar practices that have been reported in other locations around the country where this voting process has been put in place. The following are a few examples that I feel are justification for this request:

Chain of Custody: From the information provided by the Elections Office, when the ballots which are official government documents are mailed out through the USPS there is no way to ascertain if the ballot was actually received by the intended voter since there is no requirement for a signature upon receipt. Essentially this important document is subject to interception by unauthorized person(s) or simply disregarded as "junk mail".

Disabled and Visually Impaired Voters: Individuals with vision problems may have great difficulty in exercising their voting rights since the ballots are not in braille, and if they are assisted then ballot secrecy becomes into play. Individuals with limited physical motor skills that effect the ability to provide a legal signature may also be prevented from participating in the voting process, if they are assisted again the issue of ballot secrecy or manipulation needs to be addressed.

Limited Polling Stations: Initially when it was announced to the voters that "mail-in" voting would be implemented, voters were assured that there would still be voting stations available for those who wanted to vote in the tradition way. Later it was announced that the voting stations would be limited, on Oahu only two locations. Decreasing the number of voting stations MAY be in violation of federal guidelines which determine the number of locations that should be available to voters. Many voters who are not confident in the new voting process and want to vote in the traditional way may also have their voting rights denied because there may be limited forms of transportation for them to access the designated voting sites.

Lack of Voter Input: The legislators took it upon themselves to make his monumental decision to implement "mail-in" voting without adequately allowing voters to express their opinions about this issue which even if not illegal, is against the spirit of the free voting system which we claim to be so proud of.

V. Relief

State briefly what you want the court to do for you. Make no legal arguments. Do not cite any cases or statute. If requesting money damages, include the amounts of any actual damages and/or punitive damages claimed the acts alleged. Explain the basis for these claims.

1. Only Official ballots used, with ballot accounting required for the number of ballots printed, voted, spoiled and left over.
2. Signature required when ballot is sent via USPS to verify sent to correct voter.
3. Public comparison of aggregated totals with component parts

VI. Certification and Closing
