ORDER

*1 The judgment of the District Court is vacated, and the
case is remanded for further proceedings consistent with
Dobbs v. Jackson Women's Health Organization, No.
19–1392 (U.S. June 24, 2022). This court does not now
address the district court's rulings based on the First
Amendment, because they were influenced by pre-*Dobbs*
decisions holding that abortion is a fundamental right.
The District Court should reconsider all claims in this
litigation in light of *Dobbs* and the government-speech
doctrine of *Pleasant Grove v. Summum*, 555 U.S. 460
(2009), and *Walker v. Texas Division, Sons of*

Confederate Veterans, Inc., 576 U.S. 200 (2015). Any appeals from the decision on remand will return to this panel.
