NO. 66-71

CIVIL ACTION

VS.

PLAQUEMINES PARISH SCHOOL BOARD,
ET. AL.

O R D E R

This suit was filed on July 21, 1966. Briefly, it sought injunctive relief enjoining the defendants from discriminating on the basis of race or color in the Plaquemines Parish School System. The relief sought was granted, but was met with great resistance by most of the defendants and many hearings on motions and rules to show cause were had over the years. The defendant School Board now operates one system of schools. Except for reports required by the court's order to be filed in the record by the School Board, there has been no action in the case since December 9, 1971.

The court is of the opinion that the relief provided in the court's orders have resulted in the elimination of the effects of past discrimination. Therefore,

IT IS ORDERED that this case be administratively closed, except that the defendant School Board continue to file the reports required by the court's order. The court will retain jurisdiction of the case for one year from the date of this order.

New Orleans, Louisiana, this 28th day of January, 1975.
