

**FILED**

MAR 11 2016

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF OKLAHOMACARMELITA REEDER SHINN, CLERK  
U.S. DIST. COURT, WESTERN DIST. OKLA.  
BY WJ, DEPUTY

MITCHELL WILLIAMS,

Plaintiff,

v.

OKLAHOMA, et al.,

Defendants.

Case No. CIV-16-163-R

## OBJECTION OF PLAINTIFF

The Plaintiff gives this his Objection to the Recommendation of the Magistrate as follows;

1. Since leaving school bus driving (and running for office) in Atlanta in October 2002, the Plaintiff has worked full time raising goats. Prior to the collapse of the Russian economy in about 1996, the Plaintiff could sell any goat for any price he asked. Since then prices have rarely been more than \$75 for a large goat. Still the activity is pleasant and for a retired person, not too difficult. Low goat prices do have the benefit that they discourage rustling.
2. Appendix A should answer any question concerning whether the Plaintiff's goats are a livelihood.
3. The reported \$764 of monthly income are half Social Security payments and half S.S.I. Prior to getting S.S.I. the Plaintiff recieved about \$126 in food stamps. When he started recieving S.S.I. the food stamps were reduced to \$26 per month which was not worth the paperwork that came every month.
4. The debt to Clay Electric Cooperative does not include a monthly expense because when the Supreme Court of the United States denied certiorari in MITCHELL WILLIAMS vs. BILL

PHILLIPS 08-5187, Clay Electric cut off service. Since then the Plaintiff has lived "Off Grid" with a 165 watt solar panel and a 700 watt generator for overcast weather. This works well for lights, water pump, a very small refridgerator, and (most importantly) the electric bicycle.
