**Re: Investigation of Colorado Department of Corrections and Department of
Youth Services**

Dear Governor Polis:

I write to inform you that the United States Department of Justice is commencing an investigation of the 21 Colorado Department of Corrections (DOC) facilities¹ and the 12 residential youth centers operated by Colorado's Department of Human Services' Department of Youth Services (DYS). The Department will conduct this investigation under the Civil Rights of Institutionalized Persons Act, 42 U.S.C. § 1997, the Violent Crime Control and Law Enforcement Act of 1994, 34 U.S.C. § 12601, and the Religious Land Use and Institutionalized Persons Act of 2000 (RLUIPA), 42 U.S.C. § 2000cc. This is official notice as required by statute.

During these investigations, the Department will determine whether Colorado engages in a pattern or practice of violating the constitutional rights of prisoners held at DOC facilities by failing to provide adequate medical care and safe and sanitary physical conditions of confinement, and whether Colorado violates the rights of detainees by failing to protect youth in DHS facilities from use of excessive force and failing to provide adequate nutrition to detainees. The Department will also consider whether Colorado violates prisoners' and detainees' right to free exercise of religion by housing biological males in units designated for females.

We have not reached any conclusions about the subject matter of the investigation. During the investigation, we will consider all relevant information, including the efforts Colorado has taken to ensure compliance with the Constitution. We encourage the State to cooperate with our investigation and assure you that we will seek to minimize any potential disruption our investigation may have on DOC and DHS operations.

If we ultimately determine that there are no constitutional violations present at these facilities, we will notify you that we are closing the investigation. If we determine that there are systemic violations, we will inform you of our findings and attempt to work with the State to remedy those violations. In our many years of civil rights enforcement, the good faith efforts of

¹ This includes 19 state run facilities and two private facilities.

jurisdictions to work with us have routinely enabled us to resolve our claims without resorting to contested litigation.

Attorneys from the Civil Rights Division will be handling this investigation. They will contact your office to discuss the next steps. Jonas Geissler, Deputy Assistant Attorney General, Civil Rights Division, may be reached at (202) 532-5527.

Sincerely,

Harmeet K. Dhillon
Assistant Attorney General
