05/24/2004	<u>362</u>	MINUTES In Chambers; RE: Defendants' exparte motion to preclude pending inmate interviews by plaintiffs pending resolution of attorney client relationship issue, filed 5/21/04. Defendants' exparte motion is DENIED. The court finds that plaintiffs' counsel has the right to interview inmate witnesses without interference from defendants. The court further finds that plaintiffs' counsel have made a prima facie showing that they have at least a limited attorney client relationship with the members of the certified class, which includes all current inmates in the Orange County jail.

		Moreover, the court finds that there has been no legitimate demonstration of irreparable harm to defendants or possibility of overreaching by plaintiffs' counsel. In the event that the court finds that there is no attorney client relationship between the inmate class members and counsel, any supposed prejudice to defendants can be cured through opening the interview process to defendants, in an orderly and fair fashion. Otherwise, depositions may be scheduled of those inmates whom plaintiffs intend to call as witnesses at trial. The matter will be resolved with finality at the hearing scheduled for 6/11/04; before Magistrate Judge Marc L. Goldman : Order by Magistrate Judge Marc L. Goldman denying EX PARTE APPLICATION for Order 360 (twdb, ) Modified on 5/25/2004 (twdb, ). (Entered: 05/25/2004)
05/24/2004	<u>363</u>	MINUTES In Chambers; Defendants' exparte motion to rescind order of 5/10/04 regarding dissemination of declarations, filed 5/21/04. Defendants' exparte motion is DENIED. The court finds that the potential harm arising from rescission of the order outweighs any benefit that defendants may obtain from rescission. The claim that defendants will suffer irreparable harm should the declarations be made public is frivolous as is the claim that the order interferes with the attorney client relationship between defendants and their counsel. Equally frivolous are the claims that the order unduly interferes with the administration of the jail or the defendant's due process rights, given the protestations of defense counsel, after consultation with representatives of defendants, that the misconduct alleged, which was fully described at the 5/10/04 hearing, never took place. There is no good basis for rescinding this order, particularly in an exparte proceeding. Plaintiffs shall be required to inform the court at the hearing scheduled on 6/11/04 whether they wish to pursue the allegations of misconduct by jail officials described in the declarations. If they intend to pursue those allegations, the issue of disclosure of the declarations will be addressed at that time; before Judge Marc L. Goldman : Order by Judge Marc L. 11/24/2009	<u>684</u>	ORDER RE: LEGAL ISSUES RAISED IN PLAINTIFFS' MOTION FOR ATTORNEY'S FEES by Judge Audrey B. Collins, re MOTION <u>665</u> : The Court concludes that Plaintiffs are prevailing parties under § 1988 and section 1021.5, but that some reduction in the amount of fees is necessary due to their limited success. The Court finds that the PLRA caps the hourly rate for attorneys, paralegals, and law clerks at \$150, even though Plaintiffs pled state constitutional claims that might entitle them to fees. The Court does not decide whether Plaintiffs' 25 percent reduction in fees to reflect their limited success is reasonable, or whether some higher percentage reduction is necessary, although the Court does note that neither side has explained how the Court could adequately justify a reduction. And the Court leaves both the lodestar calculation and the ultimate award of fees until after Plaintiffs' ADA claims

		are adjudicated. (see document for further details) (bm) (Entered: 11/25/2009)

02/01/2010	<u>693</u>	MINUTES: Order regarding Bench Trial (In Chambers) This matter is set for a bench trial scheduled to commence on February 9, 2010 at 8:45 a.m. At the final pre-trial conference held on January 25, 2010, the Court allowed each side 11 hours for opening, direct, cross-examination, and closing. The Court and counsel tentatively discussed the possibility that direct testimony of experts and other witnesses could be presented by way of expert reports and deposition transcripts, and cross-examination and redirect testimony would be presented live. However, the Court has reviewed the pre-trial filings from the parties and believes that live direct testimony will be helpful to resolution of this matter. Thus, the Court will give each side up to two additional hours beyond the 11 hours already given to present the direct testimony of expert and other witnesses. The previously set additional trial dates of March 23 and March 24, 2010 remain effective, since presentation of evidence may go beyond the four dates of February 9, 10, 16, and 17, 2010 already set by the Court IT IS SO ORDERED by Judge Audrey B. Collins: During the course of the bench trial in this matter, the parties have raised several issues that the Court and the parties have agreed would be best resolved with the aid of written briefs filed by the parties prior to the parties' filing of proposed findings of fact and conclusions of law. Those issues are: (1) the scope of the issues remanded by the Ninth Circuit Court of Appeals; (2) what accessibility guidelines apply to the Orange County jail facilities; (3) whether the Pretrial Conference Order includes Plaintiffs' claim of lack of notice and grievance procedure under the ADA; and (4) whether certain expert testimony must be stricken from the record. (see document for further details) The parties agreed to the Court's proposed briefing schedule that the parties would file simultaneous opening briefs addressing these issues no later than Thursday, April 15, 2010 and file simultaneous responding briefs no later than Thursday, April 22, 2010. The Court declines to set oral argument at this time, see Fed. R. Civ. P. 78; Local Rule 7–15, but it may do so. Any argument on these issues would be in addition to closing arguments. Once these matters are resolved, the Court will consult with the parties on the proposed schedule moving forward with proposed findings of fact and conclusions of law and closing arguments. 08/25/2010	<u>746</u>	MINUTE (IN CHAMBERS) ORDER STRIKING Defendant's Objections to Plaintiff's Proposed Findings of Fact (Docket no. 745) by Judge Audrey B. Collins: striking Objections <u>745</u> . On August 24, 2010, Defendants County of Orange, et al. (the "County"), filed a document entitled "Defendant's Objections to Plaintiff's Proposed Findings of Fact."(Docket No. 745.) The filing of this document violates the post–trial briefing schedule set by the Court, which allowed the County until August 5, 2010 to file its proposed findings of fact and conclusions of law. Moreover, the County offers no explanation why it waited nearly six weeks after Plaintiffs filed their proposed findings of fact on July 15, 2010 to file purported objections to them. The document is STRICKEN and the Court has not considered the matters stated therein. (lw) (Entered: 08/25/2010)

08/27/2012	<u>828</u>	MINUTES: August 2012 Monitor's Report (In Chambers): The Court has received the Monitor's fourth quarterly report, dated August 2012. The Court commends the parties on the significant progress in the physical modifications required by the Court's Order in this case. There has been less progress on the County's compliance with the procedural and programmatic aspects of the Courts Order. The Court appreciates the County's attempts at compliance when the Monitor has identified issues, but the Court also shares the Monitors concerns that it has been one year since the Court's Order was issued and the Monitor continues to find key areas of noncompliance. One area of particular concern is outdoor recreation: the Monitor found that, at Module O of Theo Lacy, outdoor recreation in the enclosed recreation area was offered before 6:00 a.m. 49% of the time, and it was always declined. (Monitor Report 15, 17.) Even if this does not technically run afoul of the terms of the Courts Order, it certainly undermines the Court's intent to ensure class members can reasonably take advantage of outdoor recreation. The Court will not issue any further orders at this time, but it strongly encourages the County to take a more proactive approach to complying with the procedural and programmatic portions of Court's Order as it has done with physical modifications. That includes ensuring that outdoor recreation is offered at times with at least a reasonable probability of class members taking advantage of it. Offerings before 6:00 a.m. do not fall into that category IT IS SO ORDERED by Judge Audrey B. Collins. (ir) (Entered: 08/27/2012)

08/20/2013	<u>850</u>	MINUTES (IN CHAMBERS): ORDER DENYING Defendant's Ex Parte Application for Protective Order by Judge Audrey B. Collins: The Court agrees with Plaintiffs that the ex parte application was procedurally improper. Defendant states that the delay in bringing the ex parte stemmed from the fact that it did not receive the Monitor's Eighth Quarterly Report until July 31, 2013. (Reply at 6: Declaration of Haiyang Alle Li 3.) That excuse, however, does not address Plaintiffs' contention that, for the better part of this year, Defendant has been responding to the Monitor's requests, about the criteria used to identify class members by claiming that the answer lies in Plaintiffs' medical records, it should have sought a protective order much earlier. The Court therefore DENIES Defendant's ex parte application. The parties are, of course, encouraged to engage in informal meet and confer to resolve this issue, which may very well result in a stipulated protective order. In any event, it is clear that the current briefing schedule and hearing date on the cross-motions to extend or terminate the injunction will not allow sufficient time to resolve the HIPAA and privacy issues related to class members' medical records. As such, the September 23, 2013 hearing date is TAKEN OFF CALENDAR. The parties are ORDERED to inform the Court when the HIPAA and privacy issues are resolved. <u>840</u> (bp) (Entered: 08/21/2013)

02/10/2014	<u>898</u>	ORDER DENYING MOTION TO EXTEND AND GRANTING MOTION TO TERMINATE INJUNCTIVE RELIEF by Judge Audrey B. Collins denying <u>831</u> Motion; granting <u>839</u> Motion for Relief: "It is well established that judges and juries must defer to prison officials' expert judgments." <i>Norwood v. Vance</i> , 591 F.3d 1062, 1066 (9th Cir. 2009). "[T]he problems of prisons in America are complex and intractable, and, more to the point, they are not readily susceptible of resolution by decree. Most require expertise, comprehensive planning, and the commitment of resources, all of which are peculiarly within the province of the legislative and executive branches of government." <i>Procurier v. Martinez</i> , 416 U.S. 396, 404-05 (1974). In light of the reality that "courts are ill equipped to deal with the increasingly urgent problems of prison administration and reform" ( <i>id.</i> ), and having found that the injunction is no longer necessary because the three areas in which Plaintiffs seek to extend the injunction do not present current or ongoing violations, the Court DENIES Plaintiffs' motion to extend injunctive relief and GRANTS Defendant's motion to terminate the injunction.
