If any party has an objection to MCSB's intent to provide transportation to non-public students in compliance with LA. Rev. Stat. 17:158(A)(1), the party should file an opposition memorandum within ten (10) days from the date of this minute entry. If no memorandum is filed, an order granting the motion shall issue. 06/18/2012	55	MINUTES for proceedings held before Chief Judge Robert G James: STATUS CONFERENCE held on 6/18/2012. The Court raised the issue of the pending March 30,2010 Consent Decree. Under that Decree, a unitary status review is set to take place after June 30,2014. However, it is the intent of the Court that the parties take affirmative steps to address any issues that would prevent a unitary status finding in 2014. As issues arise, the Court expects the parties to attempt to reach an amicable resolution or to contact the Court for a hearing to resolve the issues, rather than waiting to conduct a review in 2014. In the upcoming June 30, 2012 status report, the Court expects the School Board to identify and address any unresolved issues. DOJ's counsel raised concerns about the effect recent education legislation in Louisiana might have on desegregation cases. All parties agreed that they were concerned about the potential effects, but the Court and the parties agreed that it is unclear what those effects may be at this time. The Court's intent is to continue to move forward and to address problems as they arise. The Court and the parties also addressed the pending Motion for Partial Relief. The DOJ does not oppose the motion. The Court indicated that it would issue a ruling very shortly. (crt,DickersonSld, D) (Entered: 06/19/2012)
