Sobol v. Perez
CA No. 67-243
E.D. Louisiana

I would hope that you could make a decision sometime today on supplementing the staff on the Sobol case. Allen Black and Hugh Fleischer are now very much involved in it but Hugh has the feeling that for the next week or two we will need another attorney for interviewing. I think the best way to go about it is for you to discuss the matter with Frank Dunbaugh since he will have most information about the attorneys available in his Section, and those he would like to work with from other sections. For your convenience, I am attaching a list of all the attorneys in the Division and their geographic assignments, as well as the plan for investigations that Hugh and I have worked out.
