Sobol v. Perez, CA No. 67-243
E. D. Louisiana

I called Hugh Fleischer, in our New Orleans office, this afternoon to inquire about the latest developments in the Sobol case. Mr. Fleischer revealed the following:

(1) the court allowed the intervention of the State of Louisiana this morning, over the "objection" of Mr. Provensal;

(2) Judge Cassibry mentioned the possibility of a trial in approximately 30 days; and

(3) there is serious scuttlebutt in Jackson, and points in Alabama, through LCDC, that the States of Alabama and Mississippi are considering motions to intervene.
