Ross v. Eckels  
C. A. No. 10444

The HEW Title IV officer who is responsible for Houston is Jerry Brader (214-749/3084) who is stationed in Dallas, Texas. He called me today so that he could have a full picture of the litigative posture of the Houston School case and I advised him where we were. He said that Superintendent Fletcher wished to meet with him on next Tuesday for the purpose of discussing proposals that they should submit for Title IV grants. I assured him that we would advise him of any further developments in the court litigation.
