No. 77-0420-CV-W-4

**ORDER**

Before the Court is the AFT Local 691's motion to alter or amend this Court's order of October 18, 1991. The KCMSD and the State filed responses. This Court will clarify the October 18, 1991 order.

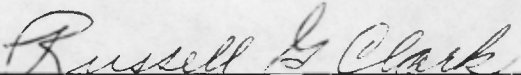

At issue before the DMC was action which would have permitted the KCMSD to expend 96-cent levy funds in excess of \$34 million for STEP and COLA increases. The KCMSD is precluded from spending revenues in excess of the court-approved \$34 million for salary increases. However, the KCMSD may spend its \$34 million share for salary increases.

In addition, any extra funds in excess of the original projections for what the 96-cent levy increase was projected to bring in may be used to fund the KCMSD's 50% share of the salary increase portion of the salaries of new Year VII employees. However, the Court reaffirms the \$34 million limitation on the State's liability during 1990-91 and 1991-92 for salary increases for all KCMSD employees, whether continuing employees or new Year VII employees.
