ORDER

This cause came on for consideration on the following motion(s) filed herein:

MOTION: PLAINTIFFS' MOTION TO COMPEL INSPECTION OF PRISON FACILITIES (Doc. No. 181)

FILED: March 18, 2005

THEREON it is ORDERED that the motion is DENIED.

The District Court recently entered an Order which denied the Plaintiffs' Motion for Class Certification. Many of the issues raised in the Motion to Compel Inspection were tied to the need for discovery for the class. The parties are to meet telephonically to attempt to resolve the issues regarding the inspections of the facilities now that class certification has been determined. If the parties cannot resolve the issues, then Plaintiffs have leave to file a new motion to compel.

MOTION: PLAINTIFFS' MOTION TO EXPEDITE RULING ON PLAINTIFFS' MOTION TO COMPEL INSPECTION OF PRISON FACILITIES (Doc. No. 183)

FILED: March 18, 2005

THEREON it is ORDERED that the motion is DENIED.

MOTION: PLAINTIFFS' UNOPPOSED MOTION FOR ENLARGEMENT OF TIME TO DISCLOSE EXPERT WITNESS REPORTS, COMPLETE DISCOVERY AND FILE DISPOSITIVE MOTIONS (Doc. No. 198)

FILED: May 23, 2005

THEREON it is ORDERED that the motion is GRANTED.

Within eleven (11) days from the date of this Order, the parties are to confer and submit proposed dates for the disclosure of expert witness reports, deadline to complete discovery, and dispositive motion deadline.

DONE and ORDERED in Chambers in Ft. Myers, Florida this 21st day of June, 2005.
